

GEM Recognized In Pensions & Investments' Best Places To Work In Money Management

New York, NY (Dec. 9, 2024) – [GEM](#) was recognized in the 2024 Best Places to Work in Money Management awards announced by Pensions & Investments today.

Presented by Pensions & Investments, the global news source of money management and institutional investing, the 13th annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

Since its inception in 2007, GEM has remained steadfast in fostering a culture defined by service, intellectual curiosity, and a commitment to excellence. The firm's focus on supporting employees' professional development and personal well-being helps ensure that each team member is equipped and empowered to deliver their best work in support of our clients.

"As their employees attest, the companies named to this year's Best Places to Work list demonstrate a commitment to building and maintaining a strong workplace culture," said P&I Editor-in-Chief Julie Tatge. "In doing so, they're helping their employees, clients and their businesses succeed."

"Pensions & Investments is proud to honor the Best Places to Work in Money Management for the 13th year. A strong workplace culture that supports talent, advocates progress and drives innovation is paramount to driving the best outcomes and these asset managers demonstrate that. Congratulations to the 2024 honorees for their commitment to employee well-being, attractive incentive structures and talent development that demonstrate how investing in your employees can elevate our industry to greater heights," said P&I President and Publisher Nikki Pirrello.

"GEM is deeply honored to receive this recognition for the second consecutive year," said Stephanie Lynch, GEM's Managing Partner. "We believe it is a testament to the exceptional culture we've built together. At GEM, we strive to create an environment where new ideas flourish and our collective expertise shines as we seek to deliver outstanding results for our clients and communities. Aiming to ensure that our colleagues have the support and flexibility they need to thrive is essential to this work."

Pensions & Investments partnered with Workforce Research Group, a research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 20% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 80% of the total evaluation. The combined scores determined the top companies.
